<b>Important Notes</b>			
<p>If PCP has a secondary specialty other than Internal Med, Gen Practice, Family Practice, Pediatrics, Geriatrics or Obstetrics/Gynecology, the specialty copay applies.</p> <p>Your prescription drug benefit has a coverage gap. Your plan does not have a prescription drug deductible. When the total drug cost paid by you and Independent Health - combined - reaches \$6,500 for the year, the coverage gap begins.</p> <p>The Affordable Care Act has a provision that reduces your liability for the cost of Medicare covered Part D drugs in the coverage gap. In 2023, your liability for the cost of Medicare covered Part D brand drugs in the coverage gap is 25% of the cost of the drug. Your liability for the cost of Medicare covered Part D generic drugs in the coverage gap is 25% of the cost of the drug or the cost sharing amount based on the drugs' tier, whichever is lower. The lower copay will be applied at the point of sale.</p> <p>If you have a Medicare Part D Low Income Subsidy rider, the terms and conditions of the Low Income Subsidy rider will supersede the terms and conditions of the drug rider attached to this contract, where applicable.</p> <p>The coverage gap ends when you have spent \$7,400 OUT OF YOUR POCKET. When the coverage gap ends, the catastrophic coverage stage begins and lasts until the end of the calendar year. At the catastrophic stage, your copayment will be \$4.15 for generic drugs, \$10.35 for brand drugs or 5%, whichever is greater.</p> <p>Please refer to the Independent Health Prescription Drug Formulary and Evidence of Coverage document for more details.</p> <p>This benefit summary is designed to highlight the benefits of the plan and DOES NOT detail all benefits, limitations, and exclusions. It is not a contract and may be subject to change. For more detailed information, consult your Group Health Contract, attached Riders (if any), or Evidence of Coverage.</p>
