Important Notes			

Deductible is determined as of the date(s) claims are processed by Independent Health, not the date services were rendered.

Embedded: On a single policy, the single deductible/out-of-pocket max must be met before Independent Health provides reimbursement for coveredin-network or out-of-network services. On a family policy, once a family member meets the single deductible/out-of-pocket max, the deductible/out-of-pocket max is satisfied for that member. However, additional family members must satisfy the remainder of the family deductible/out-of-pocket maxbefore Independent Health provides reimbursement for covered in-network or out-of-network services.

Non-Embedded (True Family): On a single policy, the single deductible/out-of-pocket max must be met before Independent Health providesreimbursement for covered in-network or out-of-network services. On a family policy, the entire family deductible/out-of-pocket max must be metbefore Independent Health provides reimbursement for covered in-network or out-of-network services. An individual on a family policy will NOT stop atthe single deductible/out-of-pocket max.

Out-of-Network (if applicable): Member is responsible for the difference between Independent Health's allowed amount and the non-participatingprovider's billed amount.

PCP requirement is based on benefit plan type: POS Plan Type = PCP Required or PPO Plan Type = PCP Optional

Member Pre-Authorization: Certain services and benefits are subject to member pre-authorization. Member is responsible for contacting IndependentHealth for pre-authorization.

Child (if applicable): Cost-share applies if member is under the age of 19.
