

**A new way for you to access your employer sponsored healthcare plan
from query-to-cure: immediately, anytime, anywhere**

Like most people you engage with your personal health through your employer. You have an insurance plan and often times determining the information within your plan is complicated. All you actually want to know is how to get to the right care when you need it most in a cost-effective way.

With HealthTap Compass, you get access to millions of instant, personalized doctor answers to *your* specific question anytime, anywhere. You're also only one tap away from privately consulting a top doctor within your insurance network by video, voice, or text chat to get medical advice, prescriptions, lab tests ordered and reviewed, and much more!

HealthTap Compass makes it easier for you to manage your health and the health of your family. With 24/7 unlimited, immediate access to doctors it's the easiest way to get the healthcare you need.

Eliminate the hassle of scheduling appointments, taking time off work to drive to a doctor's office and sitting in waiting rooms! No matter what time it is or where you are, HealthTap brings you immediate answers to your most pressing questions. All you need to connect with a doctor is a mobile device (smartphone, tablet, or smartwatch) or personal computer.

Whether you have an urgent health issue, are managing a chronic condition, have a question or concern, or want to achieve a health goal, HealthTap Compass is here for you.
